Σημείωση - Note - Napomena

Οι διαστάσεις των πινάκων είναι **ονομαστικές**. Λόγω των ανοχών που υπάρχουν στα προφίλ, στα ελαστικά και στις υαλώσεις, σε κάποιες περιπτώσεις τοποθετείται μικρότερο/μεγαλύτερο ελαστικό ή πηχάκι.
The above dimensions presented in the tables are **nominal**. Due to tolerances of profiles, gaskets and glass, it may be necessary to choose a smaller/greater gasket or glazing bead.
Navedene dimenzije u tabelama su **nominalne**. Zbog tolerancije profila, dihtung gume i stakla, moze biti neophodno da se izabere manja / veća guma ili lajsna za staklo.
